A unique concept in Party & Wedding Entertainment...

***Have your Wedding Day captured on Canvas
Provides unique Entertainment for you and your guests
The Best Memento of your special day***

How does it Work?

With consultation, Australia's Celebrity Artist, Donna Gibb will design a painting especially for you and your special day.

After the consultation, one of Donna's Artists will come to your wedding and paint with your guests, creating a beautiful pictorial memory with all the special people in your life.

The painting is started at the beginning of your reception, when the Bridal Party are having their photographs taken, and the guests are left to their own devices.

By having your own Artist in Residence, your guests are able to contribute to the art work, and help capture the atmosphere of your special day on canvas which can be treasured for many years to come.

Once your guests have painted, they can then write a special message on the back of the canvas. It is a wonderful way for your family and friends to meet each other over a paintbrush. This is the best way to entertain your guests, as well as provide you with a unique memento from your wedding.

Don't take just our word for it, here's what some of our happy customers have said...

"The first time we saw our finished painting it took our breath away. It captured everything that is special to us - even more than we were expecting. It is something we will cherish forever as a centerpiece in our home."

Rebecca Lissimore

"We love the painting and have framed it and put it up in the dining room. Each time we look at it we see something different and it's a great reminder of the wonderful night we had. All our guests commented on what a great idea it was and how much they loved it. Thank you for making this happen for us."

Emma Dundas

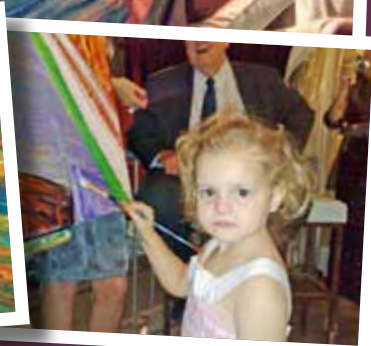

We make sure the important people in your life capture something significant in the painting.

Everyone signs a special message to the happy couple on the back of the canvas.
